LUTESVILLE DAIRY MEETING WEDNESDAY, MAY 24.

The dairy industry in Missouri is fast becoming one of the principal sources of revenue for the farmer. From that portion of the state known as "The Ozark Section" comes one-half of the cream produced in the state. The section of Missouri touched by the Iron Mountain (The Missouri Pacific Railroad Company) are not getting their share of revenue coming from the Dairy Cow, even though they have natural dairying conditions equal to any other section of the state.

We believe the industry can be increased in your vicinity and the community greatly benefited financially through greater practical development.

There will be a dairy meeting at Lutesville, Wednesday, May 24, at 1:30 P. M.

Definite plans will be submitted that have proven effective in other sections. It is to be hoped that everyone will find it convenient to attend this meeting and bring the neighbors. Don't forget the date. Please talk and telephone!

BARN BURNED.

A barn on the place known as the Orlando Morris place, and which was recently sold by Sherman Sylcox to Willie Green, of Zalma, was burned Sunday night about 10:30. When the fire was discovered by Sylcox, the entire inside of the barn was a mass of flames. Nothing could be saved. The loss consisted of 500 bushels of corn, machinery, harness, besides many other small articles.

The Cape blood hounds were telegraphed for and arrived early Monday morning. They soon struck a trail and tracked across the field to where a horse had been hitched and it is supposed that the fire spread covered his trail by crossing the swamp on horseback. The water in the swamp was from 6 inches to 3 feet deep and the dogs lost the trail.

Chas. F. Richards, who has lately been employed in this office left today for Davenport, Iowa, where he has another newspaper job.

BOLLINGER COUNTY BANK ROBBERS SENTENCED TO PEN

James Hannahoe, 42, Jerry Canley 47 and Jesse Wideman, of Sullivan Mo., the parties who attempted to rob the Bollinger County Bank on Saturday morning April 8th, and succeeded in blowing the first door of the safe and were working on the inner door when frightened away and were later captured by a Whitewater posse, an account of which was given in The Banner, were given pretty stiff sentences by Judge Huck. Judge Huck came down Tuesday evening after being notified that the bank robbers were willing to plead guilty. Hannahoe and Canley were given 15 years and Wideman 5 years, it being his first offense, so he says. The other two are hardened criminals and have served time before. Detectives who examined the safe say it was similar to a number of other jobs which it is thought they did. Jesse Wideman, 21 years old served through the war and was in France over a year. He looks to be much older, but his father who was here to intercede for him says that is his correct age and that he had been a boy of good habits before he left home. It seems to be another case of bad company. Wideman was the look-out and gun man who stood on the outside to protect and signal the others if they were discovered. Sheriff Baker and deputy Johnson lost no time after they were sentenced to the pen, and left with them for Jefferson City on the noon train Wednesday. The arrest and conviction of these "yeggs" ought to make bank and other robberies very scarce in Bollinger county. The wonder is that they were not given a necktie party after they were brought back to Lutesville.

JAKE ZIMMERMAN ACCIDENTALLY KILLS SELF

John Henry Zimmerman, of Marble Hill, was called to Advance Tuesday to attend the funeral of his brother, Jake, who accidentally shot himself while hunting in Texas. We could not learn particulars, but it is supposed that while looking after his Texas lands that he decided to pass the time by taking a hunt and accidentally shot himself. The remains were shipped back to his home town, Advance, where the funeral was held Wednesday. Rev. Evans, pastor of the Fredericktown M. E. S. Church went down Tuesday to conduct the funeral services.

LIVE OAK RANCHER FOUND DEAD FROM SHOTGUN WOUND

Beeville, Texas, April 29.—J. M. Zimmerman, prominent and well to do ranchman of this city, was found dead on Spring Creek, two miles from George West, Saturday morning. He had apparently been dead two or three days.

Zimmerman left here Monday for a visit to his ranch in Live Oak County and to hunt turkeys. It is believed he was climbing a tree when he slipped and his shotgun was discharged, the load entering under his chin.

Zimmerman came to Beeville about 16 years ago from Advance, Mo. His body probably will be sent to Missouri for interment.

"PEG" JOHNSON'S HOUSE BURNED

While J. W. Johnson, better known as "Pegleg" Johnson was attending court at Bloomfield Monday, his house on the Staats place, near Greenbrier, was burned. The origin of the fire is unknown. No insurance was carried on the house and contents.

Mr. and Mrs. Homer Chandler returned Sunday from St. Louis where they went last Wednesday to buy furniture to go to house-keeping. They have rented the rooms over the Taylor Mercantile Store which Mr. and Mrs. Bailey occupied. Mr. and Mrs. Bailey have moved to the Isaiah Park residence.

Born to Mr. and Mrs. John Feis, of near Stables Crossing, a fine girl, April 29th. Mother and babe are doing nicely, but John is hardly expected to be able to make a crop this season.

If you know any news, call 24.

TWO MEN ARRESTED AS RESULT OF KILLING.

While investigating the circumstances surrounding the murder of Eugene Whitlock which occurred near Advance on Wednesday of last week, Sheriff Walker found two white key stills with complete equipment for the manufacture of "white mule" whisky. Clarence and Louis Wilson, on whose premises the stills were found were promptly arrested and are being held in the Bloomfield jail in connection with the murder of Whitlock, and also on a charge of manufacturing whisky.

The officers are working on the theory that the killing of Whitlock was the result of differences arising among the men in connection with their traffic in illicit whisky. It is said that whisky had been manufactured at these stills in a wholesale way and that lately the operators had fallen out among themselves and some of them had threatened to divulge to the authorities all the details of their operations. The date for the preliminary hearing of the Wilson brothers has not been set and they have made no statement as to their defense.

The bullets that killed Whitlock was fired from a .25 calibre automatic. Two shells of that size were found near the body and the sheriff, while making a search of the home of the Wilsons for the weapon used found three shells of the same calibre in the home.—Dexter Messenger
